

PT. SANT RAM GOVT. COLLEGE BAIJNATH DISTT. KANGRA (H.P.)

Student Satisfaction Surveys 2015-16:A Summary

During this year the student satisfaction survey was conducted by us on a format made by our teachers. This survey was conducted and a feed back of about 200 students was taken on various aspects to improve the quality of education. In this survey the majority of the students suggested to improve the quality of education by using modern methods of teaching i.e. by using other teaching aids like projector or smart class rooms. The majority of the students also requested to improve the facilities for sports by providing pucca Volleyball Court, Badminton Court and Basket Ball Court. It was also suggested to make proper partition in BCA and BBA Department for proper functioning of these departments.

So on the basis of feedback from students, the college authorities took the concrete steps to improve all such above mentioned facilities. It was also suggested that college authorities will send different teachers for trainings for improving the quality of education. It was decided that student survey will be conducted next year in more details to improve the quality of education. For the next session, it is decided that NAAC recommended questionnaire will be prepared in Hindi also and got filled by all the stake holders especially the students.
